

# Water and Wastewater Service Rate Schedule

**Water Effective July 1, 2025** (Rates & Charges shown are bi-monthly)

## Water Usage Rates

### Building Water Usage & Rate:

|                |                       |
|----------------|-----------------------|
| First 16 units | \$1.61/100 cubic feet |
| 17 – 27 units  | \$1.90/100 cubic feet |
| Over 27 units  | \$2.85/100 cubic feet |

### Non-Building Water Usage & Rate:

|                |                       |
|----------------|-----------------------|
| First 27 units | \$1.81/100 cubic feet |
| Over 27 units  | \$2.85/100 cubic feet |

**1 Unit** = 100 cubic feet or 748 gallons

## Water Service Charge

### Meter Size & Charge:

|            |           |
|------------|-----------|
| 5/8" Meter | \$ 33.60  |
| 3/4" Meter | \$ 44.90  |
| 1" Meter   | \$ 66.81  |
| 1½" Meter  | \$ 119.96 |
| 2" Meter   | \$ 177.10 |
| 3" Meter   | \$ 305.97 |
| 4" Meter   | \$ 472.05 |
| 6" Meter   | \$ 870.64 |
| 8" Meter   | \$1282.51 |
| 10" Meter  | \$3036.30 |
| 12" Meter  | \$3992.91 |

\* Prior agriculture irrigation rate customers are only charged the \$4.59 customer service component of this charge.

## Fire Protection Water Usage Rate

### Fire Protection or Fire Hydrant Water Usage & Rate:

|           |                       |
|-----------|-----------------------|
| All units | \$2.85/100 cubic feet |
|-----------|-----------------------|

**NOTE:** Any use of fire protection water service for any purpose other than verified fire protection system testing or actual fire protection needs will be subject to a **\$40.00** charge, plus the full non-fire protection meter service charge and any applicable wastewater charges at the prevailing rate.

## Fire Protection Water Service Charges

### Meter Size & Charge:

|           |          |
|-----------|----------|
| 2" Meter  | \$ 12.05 |
| 3" Meter  | \$ 21.63 |
| 4" Meter  | \$ 38.14 |
| 6" Meter  | \$ 97.39 |
| 8" Meter  | \$199.61 |
| 10" Meter | \$353.35 |
| 12" Meter | \$566.44 |

## Non-Potable Water Usage Rate

### Non-Potable Water Usage Rate:

\$ .99/100 cubic feet

### Conversion Customer Water Usage Rate:

\$.64/100 cubic feet

## Non-Potable Water Service Charges

### Meter Size & Charge:

|            |          |          |          |
|------------|----------|----------|----------|
| 3/4" Meter | \$ 13.81 | 3" Meter | \$ 95.50 |
| 1" Meter   | \$ 20.65 | 4" Meter | \$147.45 |
| 1½" Meter  | \$ 37.29 | 6" Meter | \$272.16 |
| 2" Meter   | \$ 55.16 | 8" Meter | \$401.04 |

## Wastewater (Sewer) Service Rates - Effective July 1, 2025

**Residential Rate:** Single Family Dwelling Unit \$72.65 Multiple-Family Dwelling Unit \$57.64

### Non-Residential Rate:

|                       |                       |                     |                       |
|-----------------------|-----------------------|---------------------|-----------------------|
| <b>Minimum Charge</b> | \$57.64               | Medium Strength II  | \$5.68/100 cubic feet |
| Low Strength I        | \$3.11/100 cubic feet | Medium Strength III | \$6.33/100 cubic feet |
| Low Strength II       | \$3.76/100 cubic feet | High Strength I     | \$6.98/100 cubic feet |
| Low Strength III      | \$4.39/100 cubic feet | High Strength II    | \$7.62/100 cubic feet |
| Medium Strength I     | \$5.04/100 cubic feet | Large Volume User * | \$4.39/100 cubic feet |

**School Rate:** Elementary \$157.43/100 ADA

Secondary & High \$262.38/100 ADA

\* Large Volume Users are classified as users with greater than 25,000 gallons per day discharge.

## Fire Hydrant Construction Water Service Rate and Charges

|                                                                                                                                                                                                                                                                                            |                     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|
| <b>Water Usage Rate:</b>                                                                                                                                                                                                                                                                   | 2.85/100 cubic feet |
| <b>BI-Monthly Water Service Charge:</b>                                                                                                                                                                                                                                                    | \$305.97            |
| <b>Fire Hydrant Construction Meter Pre-Payment:</b>                                                                                                                                                                                                                                        | \$1200.00           |
| <ul style="list-style-type: none"> <li>Repairs to damaged fire hydrant construction meters will be charged at prevailing time and material rates to repair the meter.</li> <li>Lost or stolen fire hydrant construction meters will be charged a \$1,200.00 replacement charge.</li> </ul> |                     |
| <b>Unauthorized Fire Hydrant Connection Charge:</b><br>(Plus estimated water usage charged at the prevailing potable water rate)                                                                                                                                                           | \$150.00            |

## Septage Tank Dumping Rate - Effective July 1, 2025

|                              |              |                 |
|------------------------------|--------------|-----------------|
| <b>Septage Tank Dumping:</b> | \$.11/gallon | \$15.00 minimum |
|------------------------------|--------------|-----------------|

## Miscellaneous Fees and Charges

|                                                                                                                                                                                                                                                                                                                                                                                                                                        |                    |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| <b>Establish New Municipal Services Account Charge</b> (Will appear on first billing)                                                                                                                                                                                                                                                                                                                                                  | \$15.00            |
| <b>Request for Same Day Water Turn-On Service After 3:00 p.m.</b>                                                                                                                                                                                                                                                                                                                                                                      | \$26.00            |
| <b>After-Hours Request for Water Turn-On Service</b> (Stand-By Call)                                                                                                                                                                                                                                                                                                                                                                   | \$60.00            |
| <b>Meter Test Charge</b> (Plus the cost to install a new meter based upon actual meter size—<br>Charge waived if meter is over-registering per AWWA Standards)                                                                                                                                                                                                                                                                         | \$40.00            |
| <b>Failure to Notify Change of Ownership Charge</b>                                                                                                                                                                                                                                                                                                                                                                                    | \$35.00            |
| <b>Obstructed Water Meter Resulting in an Estimated Read or Re-Read Trip Charge</b>                                                                                                                                                                                                                                                                                                                                                    | \$15.00            |
| <b>Turn-off For Non-Payment of Municipal Services Account Charge</b>                                                                                                                                                                                                                                                                                                                                                                   | \$46.00            |
| <b>Broken Angle Meter Stop Charge</b>                                                                                                                                                                                                                                                                                                                                                                                                  | \$75.00            |
| <b>Broken Lock Charge</b>                                                                                                                                                                                                                                                                                                                                                                                                              | \$15.00            |

| <b>Late Charge</b> – 10% of unpaid balance. Fee is calculated on each service component separately to arrive at a total charge.                                                                                                                                                                                                                                                                                                        |                    |
| <b>Pre-Payment</b> – Shall be three times the cost of the estimated monthly service or \$70.00, whichever is greater. In the event your account is turned off for non-payment, a pre-payment may be required in order to re-establish your services. The pre-payment amount shall be applied as a credit to the applicant's account at the end of one year of satisfactory payment history (6 payments) or when the account is closed. |                    |
