PROJECT DETAILS

Contractor: MCC Pipeline, Inc.

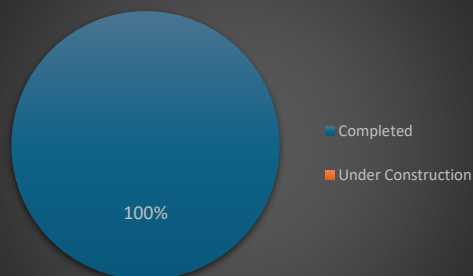

Description: This project will involve replacing approximately 14,500 linear feet of ductile iron water pipeline ranging from 8 to 24 inches at various locations throughout the City

Start Date: 4/6/26

Anticipated End Date: September 30, 2026

Work Schedule: M-F (7AM - 4PM) excluding city recognized holidays. If necessary, night hours M-F (9PM - 6AM).

CONSTRUCTION PROGRESS

Project Updates & Issues

The CIP Water Pipeline Replacement Project has been completed.

2-Week Look Ahead

The contractor will provide corrective work as directed by the City.

Current Construction Process

Typically, the replacement of waterlines will take 3-4 weeks from excavation of the trench to connecting to the existing line. Final paving is done when multiple sections of waterline have been replaced. Construction notices have been given to affected residents. For temporary water shutdowns in your area, notices will be given at least 48 hours in advance of construction activities.

Water Service Lateral with Identification Tape on Mill Creek Rd
